

Welcome to Superior Vocal Health

PRODUCT USAGE GUIDELINES

SHAKE ALL PRODUCTS WELL BEFORE USING

VOCAL RESCUE

Vocal Rescue is a very potent and powerful formula. It was created to be used for tired and overused voices. It is made with restoring and healing herbs that may help bring blood flow to tired cords and help reduce inflammation, helping you to sing or speak feeling vocally fresh and strong.

Usage guidelines for Vocal Rescue:

1. Fill a cup with 2 oz of warm water. Make sure it is not too hot, so you do not burn your throat and cords.
2. Put 1 full dropper (1-1/2 droppers if you are very strained vocally) of Vocal Rescue into the water and mix well.
3. Gargle 3 times for at least 15 seconds with the mixture or until finished. Make sure the mixture gets all the way down into your throat. Spit out after each gargle.

If you have very tired cords and difficulty singing or speaking, it is advisable to go on vocal rest. However, if you must sing or present, use this gargle before as well as in the middle of a show or presentation. For added support, gargle 3 times per day, morning, noon and night, with the last time being before you go to sleep. This will allow the herbs to sit on your cords and in your throat all night, restoring and healing your tired, overused voice.

DO NOT SWALLOW! THIS IS A VERY POWERFUL FORMULA AND CAN MAKE YOU SICK IF SWALLOWED.

Please note: Vocal Rescue is a gargle.

****PLEASE NOTE: Before Use - Please Make Sure You're NOT ALLERGIC To Any Ingredients.**

THROAT SAVER

Throat Saver may be used throughout the day as needed.

Usage guidelines for Throat Saver:

Hold close to mouth and spray 2 times then swallow.

It is designed to help keep mucus off the vocal cords, help keep the throat and voice open and fresh, and help keep the throat and vocal cords wet and moist. In addition, the formula is made with herbs that may help to fight infection to help keep the throat healthy. Most use Throat Saver before, during and after shows or presentations, even throughout the day to maintain a healthy voice.

****PLEASE NOTE: Before Use - Please Make Sure You're NOT ALLERGIC To Any Ingredients.**

SHAKE ALL PRODUCTS WELL BEFORE USING

SINUS CLEANSE

"MEET YOUR NEW NETI POT"

Sinus Cleanse is a power-packed formula in a convenient easy to use nasal spray, that will help to flush out Sinuses and aid in optimal Sinus health.
